St John and St Nicolas Schools Federation
Mission Statement

Our schools will nurture and support every child, encouraging them to achieve their full potential in a safe and caring environment, where everyone is valued and respected.
By reflecting the ethos of our Christian vision, we will work together for the good of all.

We will do this by:

- Creating caring, curious, independent and self-motivated learners whose spiritual, emotional and physical wellbeing is at the heart of everything we do.

- Sharing in the Christian community of our schools' churches and being actively concerned not only about each other and the life of our local community, but also about understanding our role in shaping the wider global environment in which we all share.

- Fostering respect, appreciation and consideration of each other in order that the children, staff and the whole school community work together to achieve the best outcomes for everyone.

- Providing a consistently welcoming, safe and stimulating environment that enables every child to flourish.

- Nurturing individual aspiration and success, for children and adults alike, through appropriate encouragement, support and challenge.

- Recognising that each child is unique, and identifying opportunities to develop their confidence and enthusiasm, so they become imaginative and independent learners, able to make informed decisions.

- Providing high quality teaching through a broad and exciting curriculum, ensuring that every child develops in knowledge and skills in preparation for life beyond school.

- Establishing a therapeutic and inclusive learning community, where differences and diversity are respected and celebrated.

- Developing a meaningful partnership with all our parents and carers.
